LABELVIEW 9

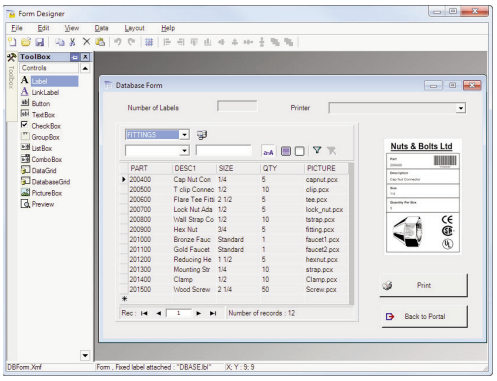

Add a powerful, easy-to-use barcode label design application to your company's business process that can be used by anyone from beginners to advanced users. LABELVIEW 9 is a sophisticated and intuitive barcode and label design software. With the stability of LABELVIEW 9's updated platform, you will have the confidence that your software will be dependable today and in the future.

Why Use LABELVIEW 9?

- **Easy to Use** – Intuitive interface allows users to quickly become comfortable and efficient using the application.
- **Powerful** – 40+ barcode symbologies allow you to easily comply with industry standards.
- **Language Support** – LABELVIEW supports 25 languages within its interface and has the ability to print virtually any language.
- **Reliable** – Updated application platform makes LABELVIEW 9 extremely stable.

How Can LABELVIEW 9 Help Solve Your Business Issues?

Form Designer

- **Reduce Time Spent Designing Labels** – LABELVIEW 9 allows you to create labels quickly using wizards, which reduces the overall time spent from initial label design to print time.
- **Reduce Errors** – Form Designer gives you the ability to create custom forms for accurate data entry. LABELVIEW 9's updated printing interface allows you to preview the label prior to printing, which acts as the final step in quality control.
- **Increased Productivity** – LABELVIEW 9's redesigned interface, coupled with simplified database connections and streamlined data entry, allows you to design labels and print them in a much shorter period of time.
- **Allows for Easy Entry into Enterprise Printing Solutions** – As your label business grows, you can easily expand your labeling solution. LABELVIEW 9 allows you to transition to TEKLYNX' enterprise products.
